## GENERATOR

Vol 3, No. 4, April 2019

Welcome to the **PACB** team **CHANDAL PRINSLOO**

It is with great pleasure that we wish to inform you that we have welcomed a new member to the Sales and Marketing team.

Chandal will be assisting with quotations and general enquiries.

Please do not hesitate to contact her at:  
[sales@pacb.co.za](mailto:sales@pacb.co.za)

## CURRENT LEAD TIMES

Our factory is currently at capacity with regards to the amount of units that we are able to produce within 10-15 working days. Please be advised that until further notice our lead time is 20-25 working days. We thank you for your understanding in this matter.

## ESKOM SELFIE

## PRICE

## INCREASE

Due to the fluctuating exchange rate, a variety of the prices have had to be adjusted. Please do not work on previous costing, contact us ASAP for a revised quotation.

The  
ENERGY  
isn't in the  
IDEA  
it's in the  
EXECUTION

**PacB ELECTECH** successfully completed their first residential solar installation during February! This project comprised of a 1.5kW PV System with a 3.3kW SMA Inverter and 7.5kW p/h battery capacity. Congratulations, we look forward to many more!

### STOCK LEVELS

Thanks to the load shedding that we are experiencing, we have received excessive amounts of enquires and sales and unfortunately our suppliers are running out of stock. Before placing an order please check the stock so that we can avoid disappointment. A great deal of stock is coming in during the next couple of months so we can still assist even though the lead time is a little longer than expected.
