Spring is nature's way of saying "Let's party!"

- Robin Williams

GENERATOR

Vol 4 No. 9 September 2020

hello
darkness,
my old
friend.

POWER UP with PACB

Lock down levels may be improving slowly but surely but we can't say the same about the load shedding. Early in September load shedding was implemented again and there are talks of the load shedding continuing for the rest of the year and getting worse and worse as the year draws to a close.

This year has been disappointing enough, ensure that you aren't left in the dark...Contact Marlene (marlene@pacb.co.za) or Freddie JNR. (sales1@pacb.co.za) for new generator/UPS sales

OR

Estelle (estelle@pacb.co.za) for services/maintenance, repairs on existing products as soon as possible.

We are pleased to inform you that we are two new members richer!

Elanie Smith has joined the **Electech** financial team and will be taking over as the head of the **Electech** Accounts Division. Please feel free to contact her at admin1@pacb.co.za or to give her a call on 012 804 0518 for any **Electech** financial queries.

Andre Grobbelaar has joined the **Group** as Health and Safety Officer. His email address is andre@pacb.co.za.
